

ROCKET KIT - GNOME BULK PACK (12)

The Gnome is an easy kit that can be assembled and launched quickly. At just a little over 10 inches tall with super-shiny chrome and bright blue colors, it can reach altitudes of well over 800 feet. Recovery is fast and reliable with its orange-colored streamer for easy tracking. The Gnome features a chrome-wrapped body tube, a bright blue one-piece fin unit, nose cone and upper launch lug ring. The rocket takes about 30 minutes to build and is finished off with a colorful, easy-to-apply self-stick decal.

SKU	Description	Retail	Wholesale	Wholesale (8)	Wholesale (16)
622561	Gnome Bulk Pack (12)	\$44.99	\$37.99	\$35.99	\$33.79

ALPHA III LAUNCH SET

Perfect for the Scout or leader new to rocketry. With the exception of the engines (sold separately), this kit includes everything you need to make and launch a rocket. You will need to order one launch set for each launch station you intend to have at your event.

SKU	Description	Retail	Wholesale	Wholesale (4)	Wholesale (8)
619026	Alpha III Launch Set	\$22.99	\$17.99	\$17.79	17.39

Includes:

- Easy-to-assemble Alpha III Rocket Kit
- Electron Beam Launch Controller
- Porta-Pad II Launch Pad

Visit distributor.scoutstuff.org to purchase your launch sets.

ROCKET ENGINES - ENGINES A8-3 (24)

Rocket engines are sold separately so you need to plan to purchase just as many engines as rockets. For the Gnome rocket kits, we suggest the mini engines listed below.

SKU	Description	Retail	Wholesale	Wholesale (8)
620291	1/2A3-4T Bulk Pack (24)	\$44.99	\$35.99	\$33.99

Call Scoutstuff.org at 1-800-323-0736 to order your engines.
